

Brooke Sauerwein

(South Range High School)

Devin Sauerwein

(South Range High School)

My husband and I would like to express our sincere appreciation to Dr. Troy Parks for his rehabilitation for our daughter Brooke after her surgery. After her surgery Brooke desperately wanted to play sports her senior year and we were fortunate to have someone recommend Troy for her strength and rehab. When we first came to Troy we were immediately impressed by his personality, focus, and professional dedication. We are convinced that the rapidity of improvement and eventual recovery of Brooke's knee are clearly directly related to the wonderful care he showed her. Our experience with Troy helping Brooke was so impressive that we soon started our younger daughter Devin out with Troy. Thanks again for a truly pleasurable experience!
